O R D E R:

In the reference 1st read above, Government have granted a Prospecting License for Limestone over an extent of Acres 587.12 Gts (or) 237.67 Hectares in Sy.No.66, 67, 68 to 111 and 114 to 122 of Gundlapally Village, MattampallyMandal, Nalgonda District for a period of (03) years in favour of M/s. Sagar Cements Limited. The Lecense deed was executed by the ADM&G, Miryalaguda on 01.03.2014 and in force upto 28.02.2017.

2. In the reference 2nd read above, the Director of Mines and Geology, Hyderabad has stated that the licensee Company i.e. M/s. Sagar Cements Limited have submitted their application on 26.11.2016 for Renewal of Prospecting License within the stipulated period i.e., 90 days before expiry of Prospecting License as specified in Rule 11(2) (a) of Mineral Concession Rules, 1960 and Rule 6(1) of Minerals (other than Atomic and Hydro Carbon energy minerals) Concessional Rules 2016 and requested for extension of Prospecting License period for further period of (2) years.

3. The Director of Mines and Geology, Hyderabad has further stated that the ADM&G, Suryapet has inspected the Prospecting License area and reported that the licensee Company M/s. Sagar Cements Limited has drilled 21 bore holes in the prospecting license area i.e., G1 level of exploration in the area of 9.0 Hectares and G2 level of exploration in the area of 176.67 Hectares. Further, the applicant company informed that to convert the remaining area of about 50.00 Hectares which are falling in G3/G4 category into G2/G1 category, another 3 to 5 core drill bore holes required to fulfill the entire Prospecting License area into G1/G2 category as per the Minerals (Evidence of Mineral Contents) Rules, 2016 and for estimating the reserves as per UNFC guidelines. Any exploration drilling, pitting, trenching and other sampling works were not carried out earlier in the applied area. As per the surface indications, the depositional features and with the beds exposed in the Western portion of applied area, it can presume that the limestone deposit in this area is varying in thickness & varying in quality and purple shale available in this base of the formation in the area. Further, the applicant company informed that they have spent about 43.50 Lakhs to carry out the above prospecting operations. Further, they could not complete the prospecting work till 31-10-2016, due to stuck-up/jamming of drills and tractor tankers in the Prospecting License area since major part of the area is covered with black cotton soil Canal flow. Hence, the applicant company has filed the application for Renewal of Prospecting License over the subject area for a further period of (02) years.

4. The Director of Mines and Geology, Hyderabad has therefore, requested the Government to grant Renewal of Prospecting License for a further period of (2) years i.e., from 01.03.2017 to 28.02.2019 in respect of Prospecting License held by M/s. Sagar Cements Limited for Limestone over an extent of Ac.587.12 Gts (or) 237.67 Hectares in Sy.Nos.66(Patta), 67(Govt.), 68 to 111 and 114 to 122 (Patta Land) of Gundlapally Village, MattampallyMandal, Suryapet District under Rule 6 of Minerals (other than Atomic and Hydro Carbon energy minerals) Concessional Rules 2016.

(P.T.O)

::2::

5. Government, after careful examination of the matter, hereby grant Renewal of Prospecting License for Limestone over an extent of 587.12 Acres (or) 237.67 Hectares in Sy.Nos.66, 67, 68 to 111 and 114 to 122 of Gundlapally Village, MattampallyMandal, Suryapet District for a further period of (02) years from 01.03.2017 to 28.02.2019 in favour of M/s. Sagar Cements Limited under Rule 6 of Minerals (other than Atomic and Hydro Carbon energy minerals) Concessional Rules 2016, subject to satisfaction of Mines and Minerals (Development and Regulation) Act, 1957 and MMDR Amendment Act 2015 and Minerals (other than Atomic and Hydro Carbon energy minerals) Concession Rules 2016.

6. The Director of Mines & Geology, Hyderabad shall take necessary further action in the matter accordingly.
